NOW OUT OF COURT.

THE LITIGATION IN THE SAN PABLO RANCHO

Which has been Going on for two Generations has been Finally Settled.

San Pablo Ranch.

At last the litigation about the lands of the San Pablo ranch has been settled. The Supreme Court yesterday dismissed the last appeal. These lands are situated north of Berkeley, and extend to San Pablo Bay. For two generations the ownership of this property has been before the Courts of the State. The original party to come into possession of them was Francisco Maria Castro. He was granted three square leagues of land at first. It was then increased to four leagues lying in Contra Costa county. The fees alone in the dispute have amounted to $107,000.

Library Trustees.

The Board of Trustees met in the Fireside room last evening for the transaction of business. Trustees Addison and Taylor were absent.

The special committee appointed to purchase furniture for the branch reading rooms recommended the purchase of chairs, tables, etc. and the report was received and adopted.

The special committee appointed to look after the purchase of a dictionary reported that they had arranged for the sum of $14.00 per volume. The special committee on rules filed a written report of the rules to govern the taking of books from the Library as well as other rules.

The rules provide that "any resident of Berkeley over twelve years of age can draw books for home use upon complying with necessary conditions which are that the applicant must sign a written application stating that he or she is a resident of Berkeley, over twelve years of age. This must be accompanied by the signature of a guaranteer who is over 21 years of age and a taxpayer in Berkeley."

Visitors to the town desiring to take out books can do so by depositing the value of the book and paying five cents per day as long as it is out.

At the time of drawing a book from the library each person must present a card, which is given when the application has passed all right.

Only one book or periodical can be drawn at a time.

Books, except those classed as new, can be retainkd fourteen days, when they can be renewed for seven days.

Periodicals may be drawn one month succeeding its date, and returned in seven days. No renewal in this case.

Books are considered new until three montos after reception, and must be returned in seven days.

A fine of five cents for each day of the keeping a book over time must be filed.

Books not returned for more than ten days after being due may be sent for and 25 cents will be charged for doing the same.

Borrowers are forbidden to deface the books in any manner, under a penalty of 25 cents.

The special committee to procure rooms at Lorin reported that it had [illegible] for the use of quarters for two years at the rental price of $12.50 per month.

Bills were approved and ordered paid to the amount of $67.31.

Mr. Stillwell was elected Curator for the Lorin branch library. The Librarian's report was received and ordered to be placed upon file. The total attendance for December 1895, was 5474 which is about seven per dent larger than 1894.

On motion the meeting was adjourned to January, 14 1896.

The regular meeting of the Board will be on the first Tuesday each month as the law provides.

Will give you Money.

The people of Berkeley and surrounding country now have an opportunity to sell their eggs, butter, poultry, game or anything in that line at the very highest prices. Call upon A. Cassagnes, 1607 Fifth street, corner of Holyoke street, West Berkeley, who will buy whatever you have, either in large or small quantities. 48 tf

Here is a snap.

Driggs is selling oil stoves at from 50 cents to $1.00 less than San Francisco or Oakland prices. This is no blow but an actual fact. 172 tf

GAZETTELETS.

Mrs. J. W. Latimer, who has been visiting friends in Berkeley and her cousins, the Misses Grindley for the past two weeks, returned to her home in Stockton this morning.

The many friends of Mose Morris, the popular conductor on the Berkeley local will be pained to learn that his wife is seriously ill, and that her life is dispaired of.

An organization with the novel title, Y. M. B. A.—Young Men's Beer Association—is said to exist at Pomona, and hold meetings more or less regularly.

Mrs. Fred Fonzo has commenced suit in Justice Clift's court at Oakland for the recovery of a horse, buggy and harness sold by the town marshal for an indebtedness of Fred Fonzo's. Mrs. F. claims that the property sold belongs to her individually.

That the Board of Trustees will meet tomorrow evening for the purpose of adopting the wharf and school bond ordinance, and transacting such other business as may come before the meeting.

Politics are beginning to hum, and the names of several Berkeleyans are being mentioned in connection with the offices of Supervisors, and members of the Legislature. We are also aware of several combinations that are being made for these offices.

The suggestion that Berkeley unite upon Brewton A. Hayne for Superior Judge, is gaining very rapidly in Berkeley, Oakland and Alameda. He is a clean man and generally acceptable to the majority of the people.

The notice of appeal from the assessment for grading Dwight way, from Warring street to Prospect Place, which will be heard at the next meeting of the Board of Trustees, appears in this issue of the GAZETTE.

Durant Lodge, No. 268, of the order of Free and Accepted Masons, will install its officers for the ensuing term on Friday evening, January 10th. An invitation to be present is extended to all Masons and their immediate families.

Arrangements are being made by the GAZETTE to open a branch business office at Lorin, where advertisements and subscriptions and also items of news may be left. The announcement of the location will be made in a few days.

Owing to the extreme length of the wharf and school bond election ordinance, which had to be published last evening the paper was quite late, which will account for its late delivery to many of our patrons.

The Berkeley expressmen who cross over to San Francisco every day have filed a protest with the Supervisors of San Francisco against raising their license from $5 to $10 per month.

Messrs. Marshal and Foss have commenced the erection on Shattuck avenue of a large building which when finished by them will be occupied as a wood, coal, hay and grain depot.

The trial of George H. Kellogg, a detective charged with trying to secure a bribe, was commenced before a jury in the Superior Court yesterday, but had to be postponed on account of absent witnesses.

The members of the Board of Regents of the State University arrived in Berkeley this morning, and spent the day in examining the proposed improvements that are to be made in the University grounds.

A force of workmen will be put to work in a few days by the Southern Pacific Company, to put in a spur track to the warehouse of the Eureka Oil Works, at the corner of Third and Bristol streets.

ITEMS OF NEWS.

THAT WERE GATHERED BY GAZETTE REPORTERS

From the East Side, West Side and all Around the Town for our Readers.

The Crescent Athletic Club has elected the following officers for the ensuing year: President, H. D. Kelsey; vice-president, S. H. Metcalf; recording secretary, W. H. Gompertz; treasurer, Frank McClain; finanaial secretary, W. H. Bone; leader, G. L. Wilcox; field captain, J. Armstrong; cycling captain, F. B. Wilkins; directors, C. Mickkelsen, A. L. Stamper, Dr. J. C. Anthony and A. B. Quackenbush. The receipts for the year were $1195 83, and the expenditures $1028 03. The present membership is eighty.

The Recorder of the University is now engaged in notifying by mail the students of the University of the outcome of their recent examinations, and many of the students who have received notice that they have passed feel much relieved, and will be able to go to work next semester with renewed confidence and vigor.

It is as bad to write too well, as it is not to be able to write at all. The late Jack Gamble once said to a young man, who twitted him of not being able to write, "your father wrote to well, he is now in the State prison." The man who got $20,000 from the Nevada bank a day or two ago, did not think much of the story if he ever heard it.

On Friday evening next, an entertainment for the benefit of the Shattuck avenue Methodist church fund will be given at the church. The entertainment is entitled, "An evening with American Humorists." Col. and Mrs. Dickinson of Alameda, J. H. Cooper of Berkeley, and Rev. Henry Pearce of West Berkeley, will take part in the entertainment.

It is rumored that the Oakland Consolidated Railway Company will ask for a franchise at the next meeting of the Board of Trustees to extend their line over certain streets to North Berkeley. That section is badly in need of quick transportation, and it would build up very rapidly if a road were run there, as it is one of the finest places for residences in California.

The officers thought that they had Menzenmeyer, the Lorin shooter, located at a certain residence at that place yesterday. After a thorough search, however, he could not be found. It is thought that he got an inkling that the officers had located him, and made good his escape.

J. W. Coleman of Oakland, who was elected President of the Berkeley Electric Light Company a few days ago, died at his home in Oakland yesterday, as announced in the GAZETTE of last evening. This will necessitate the election of a new President and [illegible]

Mr. D. E. Cotton and wife will celebrate the fiftieth anniversary of their married life on the 12th inst. The GAZETTE trusts that they may live to celebrate their 75th anniversary or diamond wedding. Mr. Cotton is the owner of the Eureka Oil Works at West Berkeley.

Miss Margaret M. Mogeau, County Superintendent of Schools of San Bernardino county, who has been visiting friends in Berkeley for several days, was given a dinner party last evening by Mrs. Warren Cheney, at her residence.

It now looks as though the various Congregational ministers, who will meet in San Francisco on Monday next, will take up the case of the Rev. Dr. Brown who is at present receiving so much notoriety, and thoroughly investigate the charges that have been made against him by several former members of his congregation.

Miss Grace Harrington of San Jose is the guest of Miss Lil and Miss Flo Rogers of Lorin.

Read the advertisement of Sloan Bros., of Oakland, which appears in another column of this issue.

Many of the horses having long odds at the San Francisco races this season, have made large winnings.

The young in crime will hereafter go to the Folsom prison while the hardened ones will have a home at San Quentin.

The Crescent Athletic Club will give a social dance at their rooms on Friday evening, January 25th.

There is some good railroad news in store for the people of Berkeley which will shortly be made public.

Have you subscribed to the fund for lighting the University grounds yet? If not, why not?

Los Angeles is going to stop the placing of improper pictures on the bill-boards in the future. Other cities had better take a lesson.

Now that plenty of water is assured for West Berkeley, sewers will be laid in a number of streets in that portion of the town.

At the prayer meeting held last evening the church was well filled. The Rev. H. A. Ketchum presided and had for his theme "The Holy Spirit."

That if Fred Fonzo's bicycle had not stumbled he would have been in time to protest against the Marshal's sale of the horse and buggy.

That West Berkeley cannot get its water supply any too soon. The water so far has been comparatively dry, and the summer may be drier yet.

That the season for talking politics is about to commence. It may be feeble talk, but then you know how fast it grows in this country.

President Kellogg of the University has gone to Sacramento to attend the session of the State Board of Education.

The friends of Mrs. Amanda Wilson will regret to learn that she is lying quite ill at her residence in North Berkeley.

Court Ocean View, A. O. F., will have a public installation of officers tomorrow evening, after which there will be an entertainment and banquet.

A. Berg was arrested this morning for selling liquor within the mile limit. Bail was given and the time for the trial will be set later on.

The installation of the officers elect of the Carpenters and Joiners Union will take place at Pythian hall on next Wednesday evening.

There will be an installation of officers in the Court of Foresters at San Pablo on Thursday evening, when the members of the Court of Berkeley will attend.

Miss Kathleen Brown and Miss Maggie Brown of West Berkeley will leave on Tuesday next for an extensive visit to St. Helena, where they have relatives.

Frank Thompson has received the contract to do the plumbing of the new Presbyterian Church, which is a guarantee that the work will be well done.

The winter weather does not seem to deter property owners from erecting new buildings, as quite a number have just been commenced and contracts have been let for several more.

It looked very much like rain last night and this morning, but a north wind sprung up and chased away the clouds, dispelling the rain, and causing the sun to shine alike upon the just and the unjust.

Berkeley will be much more lively after Monday next, as on that day the new term of the State University commences, and the eight hundred or one thousand students will again be familiar figures upon our streets and about the University grounds.

Berkeley Lodge Knight's of Honor will elect its officers on next Monday evening. The Grand Protector, Grand Treasurer and Grand Lecturer will be present on that occasion.

Dr. J. C. Anthony, thrashed an impudent collector in San Francisco, yesterday. He was arrested for the same, but when the case comes up for trial and the Court hears the facts, the Doctor will undoubtedly be discharged.

University Grounds.

The Committee on Public Grounds of the University, consisting of Regents Gen. J. F. Houghton, J. West Martin, Reinstein, met on the campus this morning with a map drawn by Mr. McLaren, Superintendent of the Park grounds at San Francisco, and proceeded to make a personal inspection.

It appears that there is quite varied ideas in relation to the gateway, which for sometime has been the theme of conversation when ground improvements were talked of. When Law Olmstead made the original plan laying out the roadways and entrances to the University, he located the main entrance at the head of University avenue fronting on Oxford street. This would virtually bring in the north west corner of the grounds.

The opinion of the Committee appeared to agree upon the point, that there should be but one large entrance on the west side on account of the comparative small frontage. The location of it is where the trouble is. If it were on the south or north side of the property, there would be sufficient frontage to have two good large entrances.

Regent Reinstein favors having a large entrance at the head of Center street and having it built as soon as possible. He considers the present entrances to the University grounds a disgrace to the State.

Trustee Houghton suggested that it might be well to have the grounds not open to the public. He thought that if the roads were opened too freely that all kinds of trucks, carts and drays might go over them much to the detriment of the passage ways. He said the matter had come before the Regents some time ago and that was the objection made. In consequence no further action had been taken. Trustee Reinstein thought as far as that idea was concerned these grounds could be managed as well as those of all other public parks and nothing objectionable would be admitted.

Regent Martin was not satisfied with roads laid out near the entrance as it did not give an easy passage to Blackberry creek as the north branch of Strawberry creek is called to distinquish it from the other stream. The turns in the road particularly going west from the campus were very very sharp. Regent Reinstein said that Mr. McLaren could remedy that. Regent Martin said that it was essential to have a man to perform this work of laying out the grounds and constructing a main entrance of the very best ability. He should not only plan the whole out but superintend the construction. Regent Reinstein thought that McLaren had no superior in that line of business on the Pacific Coast. He also thought that a beginning should be made if work only so far as the bridge could be carried out.

It was time to do something. Too much time had already elapsed for the grounds to be in the situation they are in now.

The question of water was raised. It was thought that with the reservoir already constructed full of water, that there would be enough to keep the grass green all the year round.

There will be many differences for the committee to settle upon when making their report to the full Board. One thing appears evident, as far as all outside evidence would go to show, that the new element recently infused into the Board of Regents is an active and progressive one, and no doubt in the end will come out ahead. In the meantime, however, it has the appearance at the present time as if the impulsive nature will be severely held back by that conservatism which of late has been called silurianism.

The observations and conclusions of the Committe will be embodied in a report to the Board, probably at its next meeting. In the meantime the only facts that can be got at is the individual opinions of each member of the Committee.

It Is Said

That the late cold weather has kept the grass back considerably, and in consequence butter is still very high.

That there should be mass meetings held in all parts of Berkeley during the next two or three weeks in advocacy of the wharf and school bonds.

That there are a number of small boys who make it a practice every day to jump on and off the local train and the freight trains at West Berkeley, and if their parents do not cause them to desist, there will be a boy or two go home in a coffin.

That the poundmaster now has special hours when he will be at the pound. In the meantime he keeps a small sized howitzer on hand to deal with persons who come to the pound with intent to do him bodily harm.

That there is some talk of a skating rink being opened in East Berkeley. A couple of gentlemen are trying to negotiate for a building in which to place the rink.

That the property owners on Sixth street are taking kindly to the proposition to open that thoroughfare and that they will soon get together and make the proper deeds to the town.

That Henry W. Taylor has been spoken of as a candidate for the Assembly from the Thirty-first Assembly District.

That while advertisements are becoming scarce in other papers of town, new advertisements are appearing every day in the GAZETTE.

That an advertisement in the GAZETTE is a paying investment and a business hustler.

That John Scotchler is securing many signers to the subscription list for the purpose of lighting the University grounds.

That Casey says it does not need any license to plant potatoes.

That Carrol Cook, the well known attorney, has got himself disliked by Judge Wallace and will have to appear before that autocrat on Friday to show cause why he should not be punished for contempt of Court.

That we are under obligations to Senator Seymour for a copy of the Blue Book or State Roster.

That Germany and England are now making faces at each other. A couple of weeks ago it was the United States and England.

That Pat Denike met with an accident a few days ago while riding his railroad bicycle. He had attained a high rate of speed, and could not stop until he run into the rear end of a freight train. The freight train was not injured, but Pat's bicycle was smashed into kindling wood. He has a new one now and will hereafter refrain from running on passenger time.

That Niehaus Bros. are getting out a handsome catalogue for the benefit of their customers and the contractors generally.

That a number of young men of West Berkeley have arranged to spend next week in hunting in Napa county, and that they have promised to send lots of wild ducks and geese back to their friends.

That a Chinese lottery peddler visited Berkeley a few days ago and succeeded in selling quite a number of tickets, on the promise that he would return the next day with a list of the drawing, but he never came back, he never came back, and the boys now believe that they have been buncoed.

That the plan of letting street work out to private contract is not a good one, as the work is always delayed and the street kept in a horrible condition much longer than is necessary. As a sample we would refer to Oxford street between Center street and Allston way, which has been in course of macadamizing for several weeks, and is still far from finished.

A SHORT STOP.

HAVANA IS NOW IN FULL VIEW OF INSURGENTS.

Will the United States Recognize the Cuban Republic Immediately?

Special dispatches to the GAZETTE.

In Sight of Havana.

New York, Jan. 8.—A special to the Herald from Tampa, Fla., says:

A private telegram received here from Havana says the whole force of the insurgents is in sight of the capital. The message says that the apprehension exists of an attack on the city, and that every effort is being made to protect the suburban approaches, especially the water works and electric light station.

Sympathy with the insurgents, it is reported, is known to exist in Havana outside of official circles, and there is said to be fear of an uprising in conjunction with the insurgent advance.

The Cubans believe that the end of the revolution is rapidly approaching, and say Campos is defeated without an attack on Havana.

Consul General Solis discredits all news from Havana, and says he is satisfied that the report of the insurgents being at the gates of the city is a canard. He scouts the idea of an attack on the capital in the face of Campos' force of 100,000 men, including the volunteer force under arms.

Slight Victories of Spanish Troops.

Havana, Jan. 8.—It was announced last night that the sound of cannonading and rifle firing was heard yesterday in the neighborhood of Guanaja, a town of 4000 inhabitants, in the province of Pinar del Rio, forty-five miles south of this city.

Details of the engagement just received show that General Navarro, between Guanaja and Ceiba de Agua, overtook a number of the insurgent force under Zayas and other leaders.

During three hours fighting the Spanish artillery was called into play. The insurgents were routed with a loss of twenty-three killed and forty-three wounded left on the field.

The insurgents are said to have carried away many more wounded.

General Navarro pursued the insurgeuts, overtook their rear guard at Ceiba de Agua, and in a skirmish four insurgents were killed and three taken prisoners.

On the Government side it is announced that only four officers and thirty privates were wounded in both engagements.

A Young Druggist Accused.

Petaluma, Jan. 8.—The mysterious shooting of Winnie Gossage on the Lakeville road, below this town, several weeks ago, which caused some talk, was today revived by the arrest of Harry H. Maynard, the well-known druggist, on a charge of assault with a deadly weapon with intent to kill. The complaint was issued Monday evening, and was sworn to by Winnie Gossage.

On being arraigned the young man, through his attorney, put in a plea of not guilty, and the time for his examination [illegible] Bonds, fixed at $500, were immediately furnished. The matter has been so quietly and quickly attended to that but few citizens were aware of what had transpired, although all have been looking forward to something of the kind.

TOWN OFFICIAL PAPER.

WEDNESDAY, JANUARY 8, 1896.

The GAZETTE will be pleased to receive personal or society notes, news of engagements, weddings, parties, etc Contributors should sign their correct names and addresses, not for publication but as evidence of good faith. Address all communications to the editor.

By a vote of Congress the ram Katahdin has become a member of the new navy and will be quickly placed in fighting order.

Soon Fresno will have plenty of electric power. It will be conveyed to that city from a distance of thirty-five miles.

Indictments are now being extended to Grand Juries. Where will it stop? There should be no end until the core of corruption is fully reached.

The coldest weather of the season is now being experienced at New York, Boston and Canada. In New England the thermometer has got down to 35 degrees below zero in some places.

The District Court of Appeals has reversed the order of Judge Bradley discharging Major George A. Ames for insulting General Schofield and he will be tried for the offense.

The people at Truckee are having a great time with their ice and snow. Palaces are made of the former and sleighs are used on the latter. In this part of California we are about having lamb and green peas for dinner. Other spring luxuries will follow close in the rear.

Governor Budd is giving the text-book printing scheme at Sacramento an overhauling. He finds matters somewhat rotten. There is no doubt but he is on the right track and will do the people of the State a great benefit when all of the work is accomplished.

The English grammar text book, which was prepared for the State by W. H. V. Raymond, has been declared by Professor Lange of the University of California to be, in its present condition, unfit for publication. It is not strong in any particular. Many are the errors in it.

The gold and silver product of the United States in 1895 was $103,614,000. Of this $52,914,000 was in gold and $51,000,000 in silver. This amount is estimated and it may finally be found to be somewhat smaller. The product for 1896 will probably be 25 per cent greater than that of last year and will increase from year to year if as much work is done in other States as is now underway in California.

WHY A WHARF IS NEEDED.

There are many reasons why a wharf owned by the town is needed at West Berkeley and probably one of the most urgent is one that came to view yesterday.

Sometime ago there were two ferry boats running between San Francisco and West Berkeley and freights were low. Since the Mare Island was taken off things have changed and now coal schooners and others are being driven away from Berkeley because one company has got control of the only wharf that is of any consequence.

Yesterday a schooner arrived at the University wharf loaded with coal for the Eureka Oil Works, and the Captain was informed that he could not be allowed to land until he paid $1 dockage and $1 per day while he was discharging and that the toll on the coal which has heretofore been 5 cents per ton would cost him 25 cents per ton. As nothing of this kind had ever occurred before, Mr. Cotton inquired what had caused the change, and was informed that the old rate held good if the coal was brought over on schooners belonging to the Hope Company or on the Hope.

Mr. Cotton refused to pay the rate demanded by the leasers of the University wharf, and got permission to land his coal at Taylor's wharf.

This fact alone shows that a public wharf is a necessity and that the people should vote for it. Manufacturers are now at the mercy of private corporations, that charge whatever they like, thus placing West Berkeley manufacturers in such a position that they can not compete with ... Alameda or San Francisco, and if such a state of affairs continue to exist they will have to pull up stakes and leave here, and surely no new manufacturers will come in to take their place.

The people should ponder well this matter and make up their minds to vote for a new wharf in order that this state of affairs can no longer exist, and that the manufacturers that are now with us will stay and other industries will come to us. The only way out is to vote for wharf bonds.

The W. A. P. A. of Berkeley will give an invitation social tomorrow evening at American Hall.

New Dry Goods Store.

The people of Berkeley are informed that H. Woolsey Street Opening

NOTICE OF Filing Report of Commissioners with Town Clerk.

NOTICE OF FILING REPORT OF COMMISSIONERS appointed to open and extend Woolsey street from the easterly line of Regent Street Homestead Tract to the easterly line of King street.

Notice is hereby given that the Commissioners appointed by the Board of Trustees of the Town of Berkeley, State of California, to assess the benefits and damages, and to have general supervision of the proposed work of opening and extending of Woolsey street in said town from the easterly line of Regent Street Homestead Tract to the easterly line of King street having made their assessment of benefits and damages, have made and filed in the office of the undersigned their written report, together with a plat of the assessment district. All persons interested are hereby notified and required to show cause, if any they have, on or before Monday, the 10th day of February, 1896, why said report should not be confirmed by the said Board of Trustees. All objections must be in writing and filed with the Town Clerk.

Each person signing an objection will attach thereto his or her postoffice address.

M. L. HANSCOM,
Town Clerk.

Office of the Town Clerk, December 28th 1895.

NOTICE

Of Time Set for Hearing

Appeal from Assessment levied for Street Work on Dwight Way between Warring street and Prospect street in the Town of Berkeley.

NOTICE is hereby given that at a regular meeting of the Board of Trustees of the Town of Berkeley held on the 3rd day of January, 1896, the 13th day of January at 9 o'clock p. m. was fixed upon as the time and the council chambers of said Board as the place for hearing all persons directly interested in the work or in the assessment, and Joseph Alkaly, owner, appealing from the assessment levied by the Superintendent of Streets for street work of grading, etc., on Dwight Way between Warring and Prospect streets in the Town of Berkeley.

The said appellant avers: That said work has not been done in accordance with the specifications therefor, in this, that said macadamizing and grading has not been done to the official grade of said Dwight Way, but on the contrary the same has been done to a grade other and different from the official grade.

Du Maurier, by Himself.

They are telling a good story on the other side of Mr. Du Maurier in connection with a collector of Trilbyana, who wrote to him for an autograph contribution to a volume which he is making up. The book was sent back to him with a pleasant letter from the artist and a sketch representing the creator of Trilby with angel's wings, a forked tail, his left hand in his pocket and his right holding a cigarette, in the curling smoke of which might be read the following modest legend: "Some seem to think he's got wings like an angel, some that he's got a cloven foot and a forked tail. He is quite an ordinary little man, I assure you—un vieux petit bourgeois—ni bon ni mauvais et tres malheureux qu'on s'occupe tant de lui."

Stags.

Pliny says that among the Romans of his time there was a belief that stags could, by their breath, draw serpents from their holes in the ground, and after getting them out would then trample them to death. The early hunters of this country relate many incidents concerning the enmity between deer and serpents of all kinds. It was well known that deer would without hesitation attack rattlesnakes, and by jumping high in the air and descending upon the serpent with the fore hoofs drawn closely together would cut the snake to pieces.

How Pepper Grows.

The common black pepper berry grows on a climbing vine, which attains a length of from 12 to 20 feet.

ORDINANCE NO.

Calling a special election in the Town of Berkeley, County of Alameda, State of California, submitting to the qualified voters of said Town the proposition for the incurring by the Town of Berkeley of a bonded indebtedness for the acquisition, construction and equipment in and for said Town of Berkeley a wooden wharf thirty (30) feet wide, extending one and one-quarter (1 1-4) nautical miles into the Bay of San Francisco; also for the acquisition, construction and equipment of four (4) certain public school buildings, in the Town of Berkeley, with the necessary sites upon which to erect the same, the cost of all and each of which public improvements will be too great to be paid out of the ordinary annual income and revenue of said Town.

BE IT ORDAINED BY THE BOARD OF Trustees of the Town of Berkeley, as follows, to-wit:

SECTION 1. Whereas, the Board of Trustees of the Town of Berkeley, being the legislative branch of said town, contemplate the making of certain permanent public improvements in and for said town, viz: The acquisition, construction and equipment of a wooden wharf, thirty (30) feet wide, extending one and one quarter (1¼) nautical miles into the Bay of San Francisco, and of four (4) certain public school buildings, together with the necessary sites upon which to erect the same, all of which public improvements are more particularly described hereafter in this ordinance; and whereas by an ordinance passed and adopted on the 6th day of December 1895, by a vote of more than two-thirds of the members of the Board of Trustees of said Town (said ordinance having theretofore been duly published for two days in the Berkeley Gazette, as required by law) the said Board of Trustees duly determined and declared that the public interest demands, and the public necessity demands the acquisition, construction and equipment, in and for said Berkeley of said wharf, and of said four (4) public school buildings, with the necessary sites upon which to erect the same, and that the cost of said wharf and of said school buildings, and of each of said improvements would be too great to be paid out of the ordinary annual income and revenue of said town; and whereas said ordinance so declaring said public interest and necessity was approved by the president of the Board of Trustees, the executive of said Town, the same having been duly signed by said President on said 6th day of December 1895 and forthwith returned to the Board of Trustees of said Town, and was duly published in all respects as required by law, and by the terms of said ordinance, to-wit: For two (2) successive weeks in the said BERKELEY GAZETTE, a daily newspaper printed and published in said Town, viz: in the following issues of said paper: December 7, 9, 10, 11, 12, 13, 14, 16, 17, 18, 19, 20, 21, 23, 24, 26, 1895, (Sundays being excepted; said BERKELEY GAZETTE not being printed or published on Sunday—no paper in Berkeley being published on Sundays).

And whereas, the said Board of Trustees has had made proper plans and estimates of the cost of said public improvements, to-wit: Of the acquiring, constructing and equipping said wharf and said four (4) school buildings, and of each of them, by a competent engineer and by a competent architect, each of whom has had successful experience in such work, which said plans and estimates have been returned and reported to said Board and have been filed with and examined by said Board, and whereas it appears from such estimates that said public improvements will cost as follows, to wit:

First: Eighty thousand ($80,000) dollars, in gold coin of the United States, to contruct and equip said wharf.

Second: One hundred and twenty thousand ($120,000) dollars, in gold coin of the United States, to acquire, construct and equip said four (4) public school buildings, including the purchase of the necessary sites upon which to erect the same—said $120,000, is and will be apportioned as follows:

(a) Eighty thousand ($80,000) dollars for a public High School Building; that is to say, ten thousand ($10,000) dollars for the necessary site, sixty-five thousand ($65,000) dollars to construct; and five thousand ($5,000) dollars to furnish the same.

(b) Forty thousand ($40,000 dollars for three (3) public school buildings, other than said High School, that is to say:

(1) Eight thousand ($8,000) dollars for a site on which to erect a two-room public school building in North Berkeley, east of Shattuck avenue. Thirty-five hundred ($3,500) dollars with which to construct, and five hundred ($500) dollars to furnish the same.

(2) Ten thousand five hundred ($10,500) dollars to construct a six-room school building on the Dwight Way school lot, and fifteen hundred ($1500) dollars to furnish the same.

(3) Fourteen thousand ($14,000) dollars to construct an eight-room public school building on the San Pablo avenue school lot, and two thousand ($2000) dollars to furnish the same.

And whereas, eighty thousand ($80,000) dollars is the estimated cost of constructing and equipping said wharf, and one hundred and twenty thousand ($120,000) dollars is the estimated cost of acquiring, constructing and furnishing said four (4) public school buildings, as aforesaid, all in gold coin of the United States.

Section 3. And whereas, the object and purpose for which said indebtedness is proposed to be incurred is first, the construction of a wooden wharf, thirty (30) feet wide, extending one and one-quarter (1¼) nautical miles into the Bay of San Francisco, and the acquisition, construction and equipment of four (4) public school buildings, with the necessary sites upon which to erect the same, all as aforesaid; and whereas, the said public improvements are necessary, and are and each of them is demanded by the public interest, and are and each of them is a public necessity, which necessity arises from the following facts:

First: The Town of Berkeley is rapidly increasing in population, at present the population of the town being in excess of ten thousand inhabitants. That there is wholly insufficient means of communication between Berkeley and San Francisco, and Berkeley and other places in California and elsewhere, except by means of railway service, which is expensive and inadequate. The business of Berkeley has increased in recent years to such an extent that the aforesaid means of railway service cannot possibly adequately or satisfactorily meet the ever-increasing demands of transportation needed in such business. A wharf, therefore, extending one and one-quarter nautical miles into the Bay of San Francisco, from that portion of Berkeley known as "West Berkeley", is needed to enable large vessels and ferry boats to bring their cargoes directly to Berkeley and to take away passengers and freight. Without such wharf the growth of Berkeley will be hampered and its prosperity menaced, and a great and unnecessary burden and expense as well [as] the inhabitants thereof.

Second: The school houses and buildings now existing in Berkeley are overcrowded with pupils, and the rapidly increasing attendance renders it absolutely necessary to construct the new buildings hereinbefore enumerated and each and every one thereof in order that the school children of the town may receive the educational advantages to which they are entitled. To the end that these schools be acquired it is necessary that a lot of land be purchased for the erection of the High School, and a lot of land for the public school in North Berkeley, because the Town of Berkeley has not lots of its own upon which to erect such High School, or such public school in North Berkeley.

And whereas, if the proposition to incur said indebtedness of eighty thousand ($80,000) dollars for said wharf, or the proposition to incur said indebtedness of one hundred and twenty thousand ($120,000) dollars for said schools, shall be accepted by the qualified voters of said Town of Berkeley, as in this ordinance and by law provided, or if both such propositions shall be so accepted, then and in that event, bonds of the Town of Berkeley, negotiable in form, shall issue as in this ordinance provided for the payment of the cost of the acquisition, construction and equipment of such wharf or of said school buildings, as the case may be, or for the payment of the cost of the acquisition, construction and equipment of both such wharf and such school buildings, should both such propositions be so accepted as aforesaid.

Section 4. Now therefore, be it ordained by the Board of Trustees of the Town of Berkeley, as follows, viz:

That if the proposition to incur such indebtedness of eighty thousand ($80,000) dollars, in gold coin of the United States or the proposition to incur such indebtedness of one hundred and twenty thousand ($120,000) dollars, in gold coin of the United States, for said school buildings (all as aforesaid) shall, either or both of them, be accepted by the qualified voters of said Town of Berkeley, as in this ordinance and by law provided, then and in that event, bonds of the said Town of Berkeley for the payment of the cost of the acquisition, construction [and equipment of such wharf, or of such] school buildings, with their necessary sites (in case such school buildings proposition be so accepted) or for the payment of the cost of the acquisition, construction, and equipment of both such wharf and such schools, in case both said propositions be accepted, as aforesaid, shall issue as follows:

If the aforesaid wharf proposition be accepted, then bonds of the Town of Berkeley shall issue, negotiable in form, of the character known as serials, and shall be numbered consecutively from one to eighty (1 to 80), both inclusive, and shall be of the sum or denomination of one thousand dollars each, and shall bear interest from their issuance, until paid, at the rate of five (5%) per cent per annum, payable annually, which interest shall be evidenced by coupons attached to said bonds respectively as hereinafter provided; and the principal and interest of said bonds shall be payable in gold coin of the United States of America in the manner following: One-fortieth (1-40) of the whole amount of the indebtedness represented by said bonds shall be paid each and every year at the office of the Treasurer of the Town of Berkeley, who shall be in office as such Treasurer at the respective times when such payments are to be made, together with the interest due on all sums unpaid at such dates.

If the aforesaid school proposition be accepted, then bonds of the Town of Berkeley shall issue, negotiable in form, of the character known as serials, and shall be one hundred and twenty (120) in number, and shall be numbered consecutively from one to one hundred and twenty (1 to 120), both inclusive, and shall be of the sum or denomination of one thousand ($1,000) dollars each, and shall bear interest from their issuance, at the rate of five (5%) per cent per annum, payable annually, which interest shall be evidenced by coupons attached to said bonds respectively, as hereinafter provided; and the principal and interest of said bonds shall be payable in gold coin of the United States, in the manner following: One fortieth (1-40) of the whole of the indebtedness represented by said bonds shall be paid each and every year at the office of the Treasurer of the Town of Berkeley, who shall be in office as such Treasurer at the respective times when such payments are to be made, together with the interest due on all sums unpaid at such dates.

In case both of said propositions are accepted as aforesaid then both series of bonds shall issue as above indicated.

Section 5. And it is further ordained that if the proposition to incur said indebtedness of eighty thousand dollars in gold coin of the United States for the acquisition, construction and equipment of said wharf shall be accepted by the qualified voters of said Town of Berkeley, as in this ordinance and by law provided, then and in that case bonds of the said Town of Berkeley shall issue as in this ordinance provided, and that there shall be levied and collected each and every year upon all the property subject to taxation by the Town of Berkeley, a tax sufficient to pay all the interest on said bonded indebtedness as said interest shall fall due, and sufficient also to pay one-fortieth (1-40) of the whole amount of said bonded indebtedness of eighty thousand dollars each and every year as above provided, and sufficient to pay the whole amount of the principal and interest of said bonded indebtedness on or before maturity, within forty (40) years of contracting the same; and the said Board of Trustees hereby makes provision for the levy and collection of said tax, and for the levy and collection of all sums that shall or may be necessary to pay in full all the interest and principal of said bonded indebtedness as the same shall fall due, and hereby agrees, contracts, represents and promises that such levy shall be made as aforesaid in case the said proposition to incur said indebtedness shall be accepted by the qualified voters of said Town of Berkeley, as aforesaid, and the said bonds issued, as aforesaid; and so far as the said Board has the power now to make said levy, it hereby makes the same. And the said Board of Trustees further ordains that there shall be, and is hereby provided, a Sinking Fund to be kept by the Treasurer of the Town of Berkeley and his successors in office, and to be designated as the "Sinking Fund for the payment of the Public Wharf Bonds of the Town of Berkeley, 1896," and that the proceeds of the levy above mentioned shall be paid into said Sinking Fund as soon as the same shall have been collected, and remain in said Sinking Fund until required for the respective payments of the principal and interest to be made upon said bonds, and that when the respective payments of the principal and interest of said bonds shall fall due the Treasurer of said Town of Berkeley, and his respective successors in office, be, and he and they are each respectively hereby authorized, directed and commanded to pay out of the moneys in said Sinking Fund the said respective amounts of interest and principal of said bonds as the same shall fall due, when demand shall be made therefor as by law required; and upon surrender of the corresponding bonds and coupons to said Treasurer, the duty of said Treasurer shall be to cancel the same immediately after their surrender and payment; and it is further ordained, contracted, represented, promised and agreed that none of the moneys paid into said Sinking Fund shall be used for any other purpose than the payment of the interest and principal of said bonded indebtedness as in this ordinance specified until the whole amount of the principal and interest of said bonds shall be fully paid.

And if the proposition to incur said indebtedness of one hundred and twenty thousand dollars, in gold coin of the United States, for the acquisition, construction and equipment of said four public school buildings, with the lots of land necessary upon which to erect the same, as hereinbefore provided, shall be accepted by the qualified voters of the said Town of Berkeley as in this ordinance and by law provided, then and in that case the bonds of said Town of Berkeley shall issue as in this ordinance provided, and that there shall be levied and collected each and every year upon all the properly subject to taxation by the Town of Berkeley a tax sufficient to pay all the interest on said bonded indebtedness as said interest shall fall due, and sufficient also to pay one-fortieth (1-40) of the whole amount of said bonded indebtedness of one hundred and twenty thousand dollars each and every year as above provided, and sufficient to pay the whole amount of the principal and interest of said bonded indebtedness on or before maturity, within forty (40) years of contracting the same; and the said Board of Trustees hereby makes provision for the levy and collection of said tax, and for the levy and collection of all sums that shall or may be necessary to pay in full all the interest and principal of said bonded indebtedness as the same shall fall due, and hereby agrees, contracts, represents and promises that such levy shall be made as aforesaid in case the said proposition to incur said indebtedness shall be accepted by the qualified voters of said Town of Berkeley, as aforesaid, and the said bonds issued, as aforesaid; and so far as the said Board has the power now to make such levy, it hereby makes the same. And the said Board of Trustees further ordains, that there shall be and is hereby provided, a sinking fund to be kept by the Treasurer of the Town of Berkeley and his successors in office, and to be designated as the "Sinking Fund for the Payment of the public school bonds of the Town of Berkeley, 1896," and that the proceeds of the levy above mentioned shall be paid into said sinking fund as soon as the same shall be collected, and remain in said sinking fund until required for the respective payments of the principal and interest to be made upon said bonds; and that when the respective payments of the principal and interest of said bonds shall fall due the Treasurer of said Town of Berkeley and his respective successors in office, be and he and they are each respectively hereby authorized, directed and commanded to pay out of the moneys in said sinking fund the said respective amounts of interest and principal of said bonds as the same shall fall due, when demand shall be made therefor as by law required; and upon surrender of the corresponding bonds and coupons to said Treasurer, the duty of said Treasurer shall be to cancel the same immediately after their surrender and payment; and it is further ordained, contracted, represented, promised and agreed that none of the moneys paid into said sinking fund shall be used for any other purpose than the payment of the interest and principal of said bonded indebtedness as in this ordinance specified until the whole amount of the principal and interest of said bonds shall be fully paid.

In case both the propositions to incur said indebtedness of Eighty thousand dollars in Gold Coin [and] to incur said indebtedness of One hundred and twenty thousand dollars in Gold Coin of the United States for said schools as above set forth, shall be accepted by the qualified voters of the Town of Berkeley then both series of bonds shall issue, as is above indicated.

Section 6. And the said Board of Trustees do hereby further ordain that a special election shall be held in said Town of Berkeley on Saturday, the 15th day of February, 1896, and does hereby call said election for said day, for the purpose of submitting and does hereby submit to the qualified voters of said Town the proposition to incur said indebtedness of Eighty thousand dollars in Gold Coin of the United States for said wharf as above provided, and the proposition to incur said indebtedness of One hundred and twenty thousand dollars in Gold Coin of the United States, for said schools, as above provided, or both of such sums, as such voters may determine, and to issue the bonds of said Town for such indebtedness so voted to be incurred, as herein set forth, and does hereby fix said last mentioned day for the holding of said election; and does hereby order that notice of said election shall be published for not less than two (2) weeks in the newspaper above mentioned, viz: THE BERKELEY GAZETTE, and that said notice shall be in substantially the following form, to wit:

Notice of Special Election.

Notice is hereby given by the Board of Trustees of the Town of Berkeley, County of Alameda, State of California, to the qualified voters of said Town of Berkeley, that a special election has been called by ordinance of said Board of Trustees, to be held in said Town on Saturday, the 15th day of February, 1896, pursuant to such call and according to law; that said election will be held on said day, as specified in said call and in this notice.

That said election has been called and will be held for the purpose of submitting to the qualified voters [illegible] certain indebtedness, to wit:

First: Eighty thousand ($80,000) dollars, in Gold Coin of the United States, for the purpose of acquiring, constructing and equipping a wooden wharf, thirty (30) feet wide, extending one and one-quarter (1¼) nautical miles into the Bay of San Francisco.

Second: One hundred and twenty thousand ($120,000) dollars, in Gold Coin of the United States, for the purpose of acquiring, constructing and equipping four (4) certain public school buildings, including the purchase of certain necessary lots of land upon which to erect the same. The said $120,000, is and will be apportioned as follows:

(a) Eighty thousand ($80,000) dollars to construct a sixteen (16) room High School building in Berkeley on a suitable site. Sixty-five thousand ($65,000) dollars being for the construction of said building, ten thousand ($10,000) dollars for said site, and five thousand ($5,000) dollars to furnish said school.

(b) Forty thousand ($40,000) dollars for three (3) public school buildings other than said High School building in Berkeley, that is to say:

[1] Thirty-five hundred ($3,500) dollars to construct a two-room public school building in North Berkeley, east of Shattuck avenue; eight thousand ($8,000) dollars for a site upon which to erect the same, and five hundred ($500) dollars to furnish said school.

[2] Ten thousand five hundred ($10,500) dollars to construct a six-room public school building in Berkeley on the school lot on Dwight way, and fifteen hundred ($1,500) dollars to furnish said school.

[3] Fourteen thousand ($14,000) dollars to construct an eight-room public school building in Berkeley on the San Pablo school lot, and two thousand ($2,000) dollars to furnish said school.

Said propositions shall be voted upon separately.

If the said propositions are accepted, or if either of them is accepted, as by law required, by the qualified voters of the Town of Berkeley, then the indebtedness so voted to be incurred shall be payable in forty (40) years, in annual installments of one-fortieth each of the whole amount of said indebtedness, so voted to be incurred, with interest thereon at the rate of five (5%) per cent. per annum, payable annually; both principal and interest being payable in Gold Coin of the United States, and to issue the bonds of said Town for said indebtedness so voted to be incurred, as provided in said ordinance calling said election; that the purpose for which the said indebtedness is to be incurred is to pay the cost of the acquisition, construction and equipment of said wharf (as above set forth) and of four (4) public school buildings, including certain lots of lands or sites upon which to erect the same (as above set forth).

That the character and number of bonds to be issued for the purpose of paying the cost of said wharf (if said wharf proposition be accepted) is as follow: Said bonds are to be negotiable in form and of the character known as serials, and shall be eighty (80) in number, and are to be numbered consecutively from one (1) to eighty (80), both inclusive, and are to be of the sum or denomination of one thousand ($1000) dollars each, and are to bear interest at the rate of five ($5%) per cent. per annum, payable annually, and the principal and interest of said bonds are to be payable in gold coin of the United States, in the manner following, that is to say: One fortieth (1-40th) of the whole amount of the said eighty thousand dollars represented by said bonds shall be paid at the end of each and every year, together with the interest due on all sums then unpaid, at the office of the Treasurer of said Town; and the amount of the tax levy to be made for the payment thereof shall be as follows: The tax levy for the total amount of said indebtedness shall be the sum of eighty thousand ($80,000) dollars, with interest upon the respective instalments thereof, as herein provided, until paid, respectively, at the rate of five (5%) per cent per annum, both principal and interest in gold coin of the United States; and this tax levy for each annual instalment of said indebtedness shall be one-fortieth (1-40) of the whole amount of the principal of said indebtedness represented by said bonds, and a sum sufficient to pay the interest due on all sums unpaid at the dates of maturity of such annual instalments, all in gold coin of the United States; that is to say, that there shall be a tax levy each year of two thousand dollars ($2000), principal of said indebtedness, and of an amount sufficient to cover and pay the interest due on all sums unpaid at the dates of maturity of such annual instalments, respectively, both principal and interest in gold coin of the United States.

That the character and number of bonds to be issued for the purpose of paying the cost of said four (4) public school buildings, as set forth hereinbefore (if said school proposition be accepted) is as follows: Said bonds are to be negotiable in form and of the character known as serials, and shall be one hundred and twenty (120) in number, and are to be numbered consecutively from one (1) to one hundred and twenty (120), both inclusive, and are to be of the sum or denomination of one thousand ($1000) dollars each and are to bear interest at the rate of five (5%) per cent per annum, payable annually, and the principal and interest of said bonds are to be payable in gold coin of the United States, in the manner following, that is to say: One-fortieth (1-40) of the whole amount of the said one hundred and twenty thousand ($120,000) dollars represented by said bonds shall be paid at the end of each and every year, together with the interest due on all sums then unpaid, at the office of the Treasurer of said Town; and the amount of the tax levy to be made for the payment thereof shall be as follows: The tax levy for the total amount of said indebtedness shall be the sum of one hundred and twenty thousand ($120,000) dollars, with interest upon the respective instalments thereof as herein provided, until paid, respectively, at the rate of five (5%) per cent per annum, both principal and interest in gold coin of the United States; and the tax levy for each annual instalment of said indebtedness shall be one-fortieth (1-40) of the whole amount of the principal of said indebtedness represented by said bonds, and a sum sufficient to pay the interest due on all sums unpaid at the dates of maturity of such annual instalments, all in gold coin of the United States; that is to say, that there shall be a tax levy each year of three thousand ($3000) dollars principal of said indebtedness, and of an amount sufficient to cover and pay the interest due on all sums unpaid at the dates of maturity of such annual instalments, respectively, both principal and interest in gold coin of the United States.

Said special election will be conducted in the manner provided by law and specified in said ordinance calling said election, which ordinance was duly passed by said Board of Trustees, and is on record in the in the Town record books, and was duly published in THE BERKLEY GAZETTE, to which said ordinance and to which said publication thereof special reference is hereby made.

Said notice shall describe the election precincts, and the polling places, and shall set forth the officers of election, all as by law and this ordinance required.

And it is further ordained that the said notice shall be published in the said "BERKELEY GAZETTE," for not less than (2) two weeks as aforesaid.

Section 7. And it is further ordained that the said election shall be held pursuant to said notice and to this call, in accordance with the general election laws of the State of California for the purpose of determining whether the Town of Berkeley shall incur the said bonded indebtedness, for the public improvements aforesaid: provided that the manner of holding such election shall be as follows: Said election shall be conducted by a Board of Election consisting of two (2) Inspectors, two (2) Judges, two (2) Clerks, and two (2) Ballot Clerks, for each of the precincts herein mentioned, to be appointed by the said Board of Trustees of the Town of Berkeley and for the purpose of said special election the said Town of Berkeley is hereby divided into eight election precincts, as follows:

The said respective places above mentioned have been found and are hereby determined to be suitable and proper places for holding said election, and said several persons have been found and are hereby determined to be qualified for said respective positions, as required by law, and they shall and will conduct said special election and constitute the respective Election Boards, and the respective members thereof, and said respective Election Boards are hereby granted and given all the powers and authority conferred by law on Boards of Election and on the members thereof, for the conduct of general elections under and in pursuance to the laws of the State of California and shall conduct and are hereby directed to conduct said special election [illegible] ordinance provided, and to canvass the votes [illegible]

The manner of voting for or against said indebtedness shall be as follows: A sufficient number of ballots shall be and is hereby directed to be prepared and caused to be printed upon the proper kind of paper by the Clerk of the Town of Berkeley, and to be furnished and provided for the use of voters at said special election, at the expense of said town of Berkeley, with the following matter printed thereon setting forth the proposition to be voted on, viz:

"Municipal Ticket Town of Berkeley.

"Proposition to incur by the Town of Berkeley a bonded indebtedness of Eighty thousand Dollars, in Gold Coin of the United States, payable in forty years, in equal annual instalments, with interest at five (5) per cent, per annum, payable annually, for the acquisition, construction and equipment of a wooden wharf, thirty (30) feet wide and extending one and one-quarter (1¼) nautical miles into the Bay of San Francisco."

"Proposition to incur by the Town of Berkeley a bonded indebtedness of One hundred and twenty thousand dollars, in Gold Coin of the United States, payable in forty years, in equal annual instalments, with interest at five (5) per cent per annum, payable annually, for the acquisition, construction and equipment of four (4) public school buildings in and for the Town of Berkeley."

And shall have printed thereon opposite each question to be voted the words, "For incurring the indebtedness," and to the right of said words and each of said propositions in separate lines the words "Yes" and "No."

And it is further ordained and voters are hereby notified that any voter who desires to vote for and in favor of either or both of said propositions to incur said indebtedness may do so by stamping a cross [x] on the right hand margin of his ballot after and opposite the word "Yes," which follows each of the propositions voted for, with the secrecy required by the election laws of the State of California; and after such ballot shall be so stamped and deposited in the proper ballot box, it shall be canvassed and counted as a vote for and in favor of the proposition so voted on.

Any voter who desires to vote against either or both of said propositions to incur said bonded indebtedness may do so by stamping a cross [x] on the right hand margin of his ballot after and opposite the word "No," which follows each of the propositions voted for, with the secrecy required by the Election laws of the State of California; and after such ballot shall be so stamped and deposited in the proper ballot box it shall be canvassed and counted as a vote against the proposition so voted for.
